

- Note: 1) Not suitable for transceivers that lack "Send" and ALC connections.
 2) Transceivers without "send" and "ALC" jacks will require a custom PTT cable (not available from microHAM)
 3) Icom transceivers without Send and ALC jacks require Icom OPC-599 "conversion cable"
 4) DB37-xx cable as appropriate for transceiver - connections vary
 5) SteppIR Control Optional
